

First Last — Curriculum Vitae

Postdoctoral Fellow in Mathematical Physics, Harvard University

Research areas: quantum many-body, topological phases, quantum information, st

Education

- Ph.D. in Mathematics — University (Year)
- B.Sc. in Mathematics — University (Year)

Selected preprints (2025):

- Witt Groups and the Bulk–Boundary Correspondence for Stabilizer States (with B
- Bulk–boundary correspondence in Pauli stabilizer codes
- Categorifying Clifford QCA
